Salary increase for live-in caregivers (Foreign worker notification)

Foreign workers who signed a labor contract before August 10, 2022

**will continue to receive the salary stipulated
in their original contract.**

Any increase in salary must be agreed by the employer and if the employer does not agree the original contracted salary will be paid; Alternatively, a continued employment contract can be signed for NT\$20,000 when the original contract is completed.

If it is confirmed that a foreign worker “goes slow” at work in an effort to persuade an employer to increase their salary, he/she will have their employment permit revoked and be sent back to their country of origin.

If you have any questions about salary related issues call the 1955 hotline for advice.
