Biển số xe là dành riêng cho xe cá nhân

Nghiêm cấm mượn hoặc cho người khác mượn

Ben, bạn đã có biển số xe máy điện 2 bánh loại nhỏ rồi à?

!!!!!!

Đúng rồi. Hôm nay mới được cấp đấy.

Vì mình đã tự thay đổi thiết kế của xe nên không được cấp biển số, khi nào cần mình có thể mượn biển số xe của bạn không?

Không được đâu, đó là hành vi vi phạm quy định luật giao thông, cả hai chúng ta sẽ bị phạt nếu bị phát hiện.

Nếu cho người khác mượn biển số hoặc sử dụng biển số của xe khác, mỗi bên sẽ bị phạt tối đa 3.600 Đài tệ, ngoài ra biển số cho mượn sẽ bị tịch thu, nếu muốn tiếp tục sử dụng phương tiện thì phải đến đơn vị đăng kiểm cơ giới để xin cấp biển số mới thì mới được lưu thông trên đường.

License plates are for designated vehicles

They cannot be used for non designated vehicles

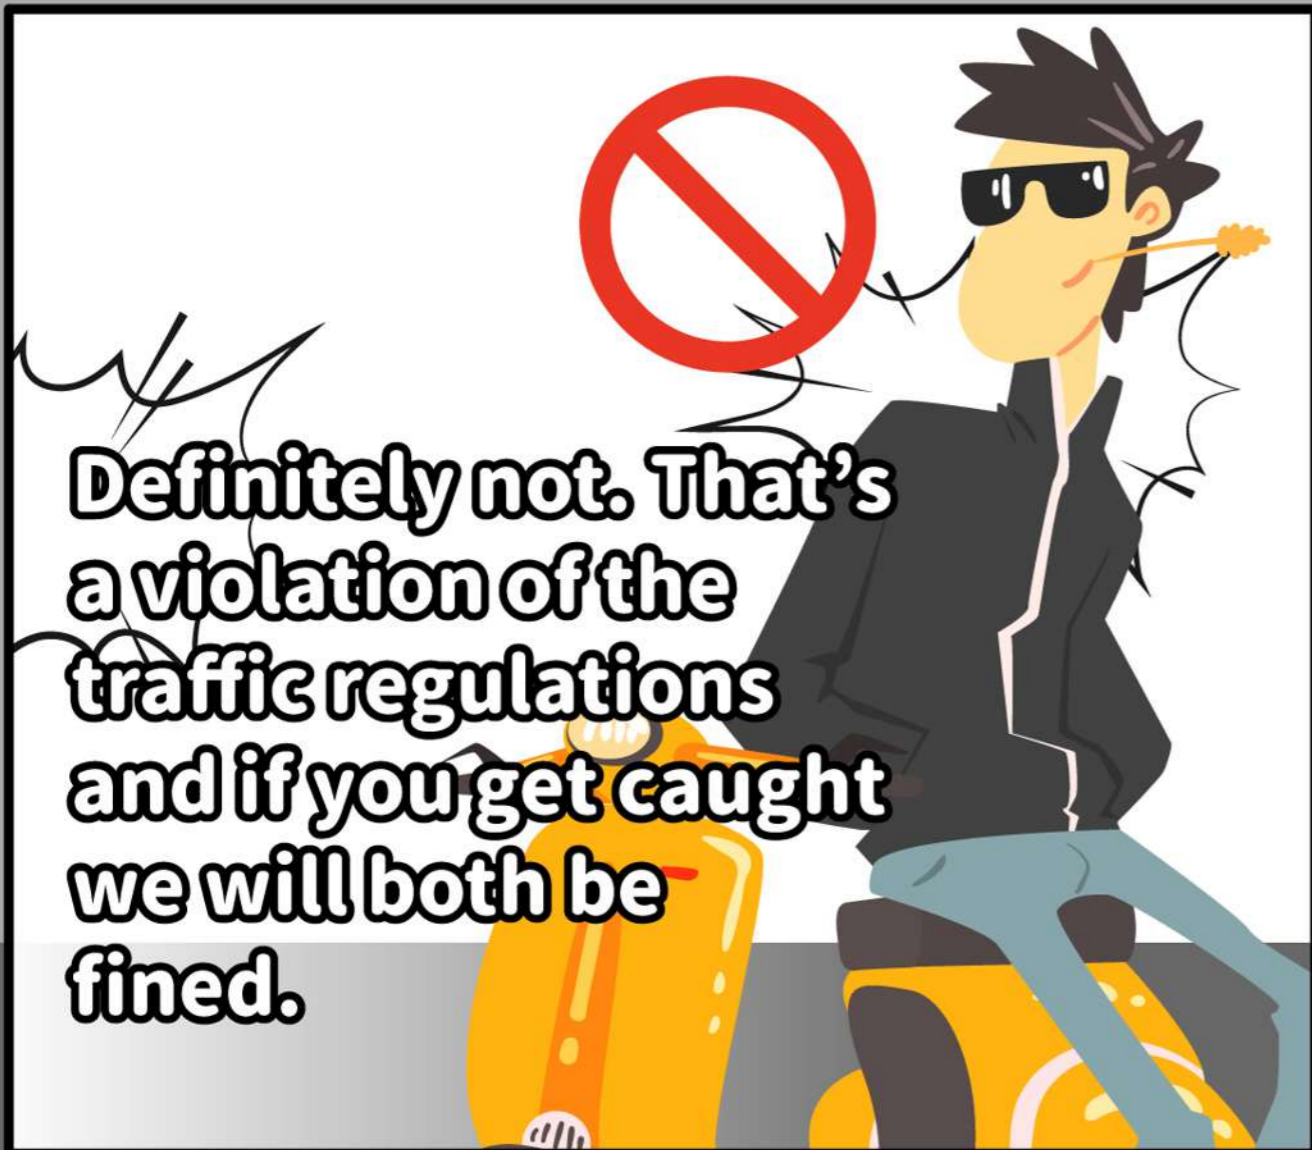

Ben, did you get the license plate for your mini electric two-wheel vehicle

I just picked it up

!!!!!!

My bike has been refitted so I can't get a license plate. If I need to go out can I borrow yours?

Definitely not. That's a violation of the traffic regulations and if you get caught we will both be fined.

Lending your license plate to someone to use on a different vehicle or borrowing the license plate of someone else's vehicle can result in both parties being fined up to NT\$3,600. In addition, the loaned license plate will be confiscated so the owner can only continue to use the vehicle legally after reapplying to the Motor Vehicles Office for a new license plate.
